PMR Ltd. Sp. z o.o., ul. Mogilska 65, 31-545 Kraków

PMR Report

- **Unique 5-year forecasts** prepared by the PMR team using a **proven and coherent methodology**
- **Expert commentary** allowing for a better **understanding of the current and future situation** and **opportunities and threats**
- Description of the main **trends and legal changes** affecting the market

Executive Summary

- An **executive summary of the report in PowerPoint** format with charts/graphs
- **Ready-to-use presentation material** for company strategy meetings

Database of report stats

- An Excel file containing all the key statistics from the report, **allowing the reader to arrange and manage the data according to their own needs**
- **A useful tool for analysts** – allows for data from the report to be easily merged with internal company data or other external data

What is the content of the report?

- 200 largest investment projects planned in the main segments of the construction market, including the value and time frame of the projects
- **Development forecasts until 2022** for the several largest sub-segments of the construction market
- **Financial results** and order books of the leading contractors operating in Poland
- **A broad range of data on the construction market**, including wages, employment levels, price trends, business confidence index
- Strategies of the largest investors operating in the civil engineering construction market (roadways, railways, power sector, industrial sector)
- **Assessment of investment opportunities** in the sector of local authorities
- **Investment trends** in the commercial construction segment (office space, hotels, shopping centres)
- **Profiles of top 20 contractors** operating in Poland

5 Reasons to choose PMR

- 1 **Cyclical monitoring of the market and its growth potential** by analysts having long-standing experience and knowledge of the specific nature of the sector
- 2 **Easy access to key statistics** gathered in a single location, including explanation how the presented data relates to the actual market situation
- 3 Presentation of historical data augmented by **forecasts for the next five years** based on the knowledge and experience of the analysts
- 4 **A valuable source of knowledge in planning strategies** and development paths/investment projects by your company
- 5 Helpful in **preparing reports for executive/shareholder** use

Who benefits from the PMR report?
